

Request for renewal of residence permit

The electronic service "Request for the renewal of the residence permit" enables foreign citizens, who have stayed in the territory of the Republic of Albania regularly with a residence permit for a period of more than 180 days during a calendar year, to make a request to renew residence permit in the Republic of Albania.

After confirming the fulfillment of the conditions and documentation to apply for the renewal of the residence permit through this service, the foreigner is notified by the local authorities responsible for the border and migration in the territory where he has established his temporary residence, for sending through the postal service, these documents:

- original documentation;
- two photos, on the front of the passport with a white background, taken in the last 6 months;
- mandate payment of the service fee (as well as administrative measures (fine) imposed for violation of the residence permit application deadline);
- the form printed and signed by the applicant with the photo attached to it;

To apply for the renewal of the residence permit in the Republic of Albania, filling out the appropriate application form depends on the requested reason for staying in Albania, which may be the same or different from the previous one:

- Family reunification with Albanian citizens;
- Family reunification with foreign citizens who have a valid residence permit in Albania;
- Study;
- Unique Permit;
- Other reasons;
- Permanent;

The online request for a residence permit to the regional authorities responsible for the border and migration must be made within 60 days before the end of the residence permit in the Republic of Albania, ensuring that the foreign applicant:

- At the time of applying for a residence permit, he is present in the territory of the Republic of Albania;
- Has regular stay in the territory;
- Has not exceeded the stay outside the territory for the period covered by the residence permit,
- Meets the deadlines and legal criteria for the type of residence permit for which you are applying according to the legislation in force for foreigners;
- Has all the necessary documents, documents from the country of origin translated and legalized;
- Has a personal e-mail address through which online communication with the Border and Migration Authority will be carried out (setting the e-mail address incorrectly or using other people's e-mail addresses causes non-communication of important information and the violation of deadlines, which lead to the rejection of the application for the renewal of the residence permit).
