

Pasaporta e Startup-it / Start-up Passport

The start-up passport is an electronic document generated through e-Albania, after filling in the self-declaration form in the register of startups.

Based on law no. 25 dated 31.03.2022 "on the support and development of startups", article 11, the start-up passport is an electronic document generated through e-Albania, after filling in the self-declaration form in the register of startups.

The register is used for self-declaration of startups, for keeping the data of self-declared startups, for applicants and beneficiaries of grants and other support measures.

At the moment of self-declaration of the startup, from the individual, natural or legal person in the register of startups, the personal number and electronic document, the start-up passport are generated.
